TRANSMISSION OF THOUGHT.

There are numerous ways by which the human family transmit to each other the thoughts and intents of their hearts. We take it for granted that no one doubts the transmission of thought of one to another, but there may be ways of transmission that some do not believe. Thought may be transmitted by word, oral or written, by a glance, by an act. The object to receive the thought, it matters not how transmitted, must be of sufficient intelligence to comprehend it, if not it is wasted as on the desert air. Thought may be transmitted to dumb animals to a certain degree, and while these animals are themselves incapable of thought, their acts frequently cause thought to spring up in the minds of men. The barking of a dog is only an effort to speak without any connection whatever with thought. The neighing of horses, the lowing of cattle, the bleating of sheep, are all for the purpose of communicating with each other and with the superior creature, man.

Electricity is a wonderful power in the world, and is used more and more to greater advantage each year for the transmission of thought, but the thoughts of men are yet more wonderful. Before the fingers touch the keyboard thought has made the journey. In an instant you can center your thought upon the most distant object upon earth, or even go far beyond terrestrial scenes and reach out among the planets. Man is a wonderful piece of mechanism, he is the master-piece of creation, and with all his superiority over all other creation he is still a finite being—subject to a higher power. It is strange indeed that with his wonderful endowment he should fall so far short in fulfilling his capacities. He has surveyed and staked the universe, the great ocean is no longer a barrier to his progress, he rides upon the waves, he soars among and above the fleecy clouds, he excavates and journeys down through the rock-ribbed crusts of the earth and brings to light the hidden treasures, he travels from planet to planet (by thought) and measures them, their times and seasons, with the utmost correctness, yet he is only a finite being.

It behooves every man to study himself, for the best study of man is man, and let him fully realize the fact that he was created for a purpose and that purpose should not be thwarted by any human intervention or personal indolence. Cultivation of the power of transmission of thought is the most important work of our lives. As is the cultivation so will the thought be. Every good thought should, if possible, be improved upon and then transmitted to succeeding generations. The zenith of thought is limitless and boundless. Impossibilities, seemingly, are surmounted, and thought ascends a step higher. Noble thoughts should never lie dormant but should be transmitted for the benefit of posterity. If the capabilities of the men, for good, of the things which we live were properly used, there would be no more poverty, no more war, no more crime, no more suffering.

This article is to show the powers that have been inactive. Hidden powers, do the possessor until they are properly used. It can never be of any use to any one. Communication, polished with the file of manhood, is all over our land. The men who are transmitting such thoughts, but of them. We have

them in the rough and we must bring to bear upon them the necessity of higher polish before the greatest good can be accomplished. Timidity holds many bright and noble thoughts in seclusion. To such the pen might be used to good effect. There is no better time than now to make the start. Let every intelligent creature be up and doing.

We hear it rumored that a petition is, or will be circulated advocating a dispensary for this place. We are unable to find out much about it, but we want to say that we are against any such move, as are all the best citizens of the town. We hope there is no foundation for the rumor.

NO MORE STOMACH TROUBLE.

All stomach trouble is removed by the use of Kodol dyspepsia cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet yourself when taking Kodol Dyspepsia Cure. J. D. Erskine, of Allensville, Mich., says, "I suffered heartburn and stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol dyspepsia Cure she was entirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Sold by W. H. Justus.

The bankers anent Mrs. Chadwick. "Who would believe when in deceiving lies the dear charm of life's beautiful dream. We cannot spare the luxury of believing that all things beautiful are what they seem."

TONIC TO THE SYSTEM.

For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous, little pills. They do not weaken the stomach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of Lafayette, Ind., says, "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and made me sick in the stomach and never cured me. DeWitt's Little Early Risers proved the long sought relief. They are simply perfect." Sold by W. H. Justus.

The President is taking a vacation during which he will spend twice his usual time in the White House gymnasium daily. This is no doubt a preparation for the New Year's day hand shaking.

In the countries of Europe during 1899, 969 children to each 100,000 persons were entertained in the municipal holiday colonies, and given the benefit of healthful out door life during periods ranging from three days to as many months. This is a charity that appeals to every one and appears to have advantages over the giving of evening gowns to the washwoman and opera hats to the ashman because it's Christmas.

SPEEDY RELIEF.

A salve that heals without a scar is DeWitt's Witch Hazel Salve. No Remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for piles and skin diseases. DeWitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. H. Justus.

"Herodotus was the Father of History" said a prominent Washington clergyman at a dinner last week, "and George Washington was the Father of his country, but, upon my soul, I am tired of the posing of Roosevelt as the Father of us all."

COUGHS AND COLDS.

All coughs, cold and pulmonary complaints that are quickly cured by One Minute Cough Cure. Clears the phlegm, draws out inflammation and heals and soothes the affected parts, strengthens the lungs, wards off pneumonia. Harmless and pleasant to take. Sold by W. H. Justus.

"The sleeve" exclaims a fashion article, "Is the thing," forgetting that what a man has up it is really that which counts.

The greatest system renovator. Restores vitality, regulates the kidneys, liver and stomach. It Hollister's Rocky Mountain Tea fails to cure get your money back. That's fair. 35 cents, Tea or Tablets. The Justus Pharmacy.
